OPEN SELECT NIGHTS • OCTOBER 3RD THRU NOVEMBER 2ND

Scarywood is back—**BIGGER, BADDER, AND DARKER THAN EVER.** Beefed-up haunts and scare zones, and amped effects mean longer screams, louder chainsaws, and zero safe corners. With more monsters lurking in the shadows, more screams echoing through the night, and more bone-chilling thrills waiting around every corner, we aren't just bringing the fright, we are unleashing it.
